Express Carbon Doll Facial	180.00	30m	<p>Laser technology can also perform carbon facials. A carbon facial, also known as a "china doll facial", is a revolutionary laser treatment that is completely painless with minimal lo-zero downtime. Its highly beneficial for people with oily and congested skin, enlarged pores and ageing skin complexity. Carbon facials are also an excellent way to exfoliate and refresh skin, providing an instant polishing appearance and leaving the skin feeling softer, smoother, and firmer.</p> <p>A layer of liquid carbon is applied to the skin, where it penetrates deep into the pores. Laser light is highly attracted to carbon particles. When the laser is passed over the area, it destroys the carbon, laking dead skin cells, contaminants, and oil with it.</p> <p>Laser technology can also perform carbon facials.
